- ✓ A central hub for sharing ideas
- ✓ Improved internal communication of important company news and announcements

Founded in 1991, Xeretec are Xerox's largest UK Managed Print Service partner and supplier.

Xeretec specialise in digital print technology, including hardware and software, and provide a variety of digital print solutions for large corporations, SMEs, and commercial printers.

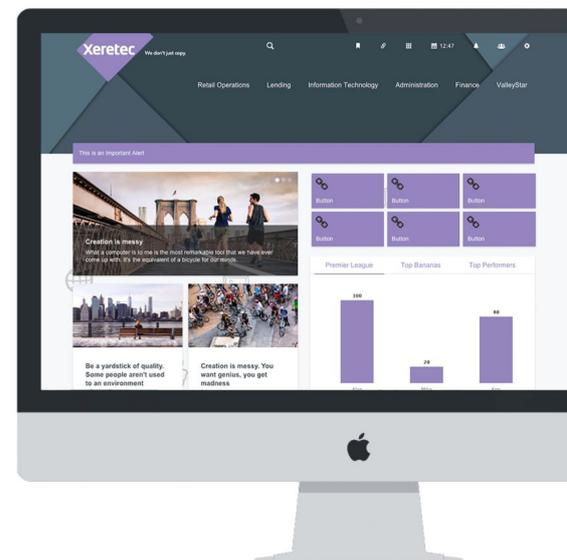

Purpose of the System

Xeretec opted for the Claromentis Proof of Concept solution, which provided them with their own intranet environment to review, test, and understand how the system could be customised to meet their business requirements. By having a tangible product for testing purposes, Xeretec were able to assess that a Claromentis intranet could fulfil their needs of providing their employees with a system that promotes internal communication, secure document storage, and collaboration.

Critical Applications

The following applications, provided as standard applications by Claromentis, proved to be critical in meeting Xeretec's needs:

- ✓ Documents
- ✓ News application
- ✓ People directory

“A Proof of Concept was very important for us to understand how we can tailor the site to our needs and wants”
