Custom Web Development

Client Examples

Bridgewater Bank

BWB Deals - All Star Portal

Bridgewater Bank is a Canadian chartered bank representing over 66,000 accounts and boasts a portfolio of over \$3.5 billion. The bank specialises in residential mortgages and deposit products which are offered through a comprehensive network of brokers. Claromentis developed a bespoke solution that enabled the network of brokers to record, manage, and monitor each client transaction in a centralised location.

National Fire Resilience

Assurance Toolkit

The key objective of National Fire Resilience is to respond to large-scale incidents in the United Kingdom, whilst also effectively engaging with a number of critically important organisations. Claromentis created an application enabling fire crew members to log, monitor, and report emergency incidents. In addition, this particular bespoke solution was employed to help manage all aspects of resilience for the London 2012 Olympics.

Babcock

Asset Management

Babcock is the UK's leading engineering support services organisation with revenue of over £3 billion. The company delivers critical support to sectors such as defence, transport, and education. Claromentis worked in close partnership with Babcock, to provide a highly secure system that assisted them in managing the British Army's assets in foreign countries.

Assessment Centre

This leading supplier of cleaning and packaging products has more than 16 distribution centres and 400 employees, As a result of increased market share in the United States they began a recruitment drive, and required an assessment portal to help manage this process. Claromentis developed a recruitment portal enabling candidates to take both individual and group assessments. The recorded assessments were then stored as an archive, allowing specific managers to carefully evaluate each candidate during the recruitment process.

Debut FM

Desk Booking

Debut FM was established as a joint venture between two of the world's largest property management companies; Lend Lease and Babcock International. With over 7000 employees working on a number of projects, it soon became apparent that there existed a need for employees to book specific desks when necessary. In an effort to make the process of booking desks an efficient and manageable process for all 7000 employees, Claromentis developed an intelligent hot desk booking solution for Debut FM.

Working With Claromentis

We have almost 20 years of experience in building, designing, and deploying digital workplaces for both large and small organisations, across a wide range of industries.

Our extensive experience, coupled with outstanding technical support and custom development, ensures that we meet and surpass all of your diverse needs and expectations. We pride ourselves in our consultative approach; creating a holistic environment which supports your business through continual growth and development.

Working closely with our customers and viewing every organisation as a unique entity sets us apart from the competition. Actively listening to your precise business needs and requirements allows us to deliver exactly the software you need.

REL needed a platform that allowed us to share information and knowledge with all our colleagues in an engaging way securely. Claromentis has provided us with a solution that matches our needs exactly and we are delighted with the uptake from our people and the flexibility of service provided.
